Coconut Condensed Caramel Milk

Cook Time: 0 min Ingredients: prep Time: 0 min

total Time: 0 min

servings: 0

- 2 cans full-fat coconut milk (about 2 1/2 cups)
- 1/4 cup coconut sugar
- 2 tbsp honey

Instructions:

- 1. Place all ingredients in a heavy saucepan. Bring to a simmer over medium heat.
- 2. Once the mixture starts to boil, lower the heat to very low. Let the milk simmer very gently and stir from time to time.
- 3. After about 2 to 21/2 hours the mixture will get thick and darker and youll be left with almost half of what you started out with.
- 4. Let it cool, then transfer to a jar and store in the fridge.
