# Arwa's Coffee

Cook Time: 0 min  
Makes 16 servings

prep Time: 0 min

total Time: 0 min

servings: 0

## Ingredients:

- 1/2 cup finely ground organic decaf coffee
- 1/4 cup coffee alternative such as barley or chicory
- 1//4 cup cocoa powder (unsweetened)
- 1 tablespoon cardamom powder

---

## Instructions:

1. Mix all the ingredients together in a bowl. You might need to sieve it if you have clumps of cocoa powder. Any cardamom left in the sieve can be added back in to the mix.
2. Transfer to a jar and seal until you would like to make a cup of coffee.
3. Make it like you would make Turkish coffee. I use 1 tablespoon per cup. Once the coffee is ready, make sure to strain it into your cup to remove the larger pieces of cardamom.
