
Dairy-Free Arabic Coffee Frappe

Cook Time: 0 min

prep Time: 5 min

total Time: 10 min

servings: 1

Ingredients:

1/3-1/2 cup dairy-free milk

6 dairy-free ice cubes (the equivalent of 1/2 cup)

2 tablespoons date paste

1 tablespoon tahini

1/4 cup Arabic coffee (or 1-2 shots espresso)

1/8 teaspoon salt

1 teaspoon vanilla

Instructions:

Place all the ingredients in a blender, starting with less milk and adding more later. Blend until smooth. Pour into the prettiest glass you and enjoy!

Notes:

It's best consumed right after making it when it's still frosty. How about serving this at a family brunch in mini glasses—show off and make it in front of them. I'm literally going to go make one as soon as I'm done writing this post!
